Sounds fine to me but, it is the other Rich who is Lead OSC. I think he prefers Mr Fetzer though

Good grief - I have to make sure which Rich (ha ha) is emailing me -

Ex. 6 - Personal Privacy

My plans - I am available Monday, Tuesday, Wednesday evening and Thursday.

I am heading up late Sunday night - will plan on staying in Dickson City this round (through at least weds morning) and check out the other hotels for later events. I will be in the area around 10 am on Monday and will drive around a bit to see if I can orient myself - and wait to meet up with you guys.

I am available at any time on Monday and Tuesday. On Wednesday, I am meeting with Donielle, the State (ER and Oil and Gas guys) as well as the County (Tioga) and locals for a pre-Shale exercise and Tioga sub-area overview in the morning. I anticipate that I can be back in the area to accompany the CICs by around 4 pm on Wednesday afternoon - this may leave them alone for a few hours but I am not too worried. I am available all day on Thursday { **Ex. 6 - Personal Privacy**

- from that point forward there is really nothing on my schedule until January 18th and 19th. I could remobe to the area late on the 27th.

How does the above schedule sound?

Rich. Your schedule looks fine. I plan on finalizing the TAR and IGCE today.

You priority is to get the sampling plan through Tech Law this week and coordinate comments on it next week. I will reach out to Trish and Dave to see their plan on the door-to-door survey.

Hotel Stuff

Check out this place, its 10 minutes (6 miles from Dimock center.

<http://www.theinnatmontrose.com/html/hotel.html>

It looks decent on their webpage but it could be a dump....

Yahoo reviews are mixed but it looks like the place has potential

A half hour away there is a Holiday Inn at 1561 Oliver Rd, New Milford, PA 18834

Binghamton and Scranton are both listed as about 45 minutes drives. According to google Dickson City is also 45 minutes.

My proposed plan:

I have a couple things planned next week that will be hard to miss.

Ex. 6 - Personal Privacy All this said, I think it will work out if you two don't mind starting up in the field without me. I really need to focus on the Sampling and Analysis Plan. So on Monday, 1/2 Tuesday and Wednesday I can be working on it and by Thursday it should be done. Then I can see you up there on Thursday/Friday. There may be also be narley stuff in the office that needs to be done too that I can take care of. As for START, I can get them lined out for the project (I will have to work with them on the SAP) but I am guessing you might also want them up there ASAP.

So let me know if this works for you guys.

Looks like Dimock is almost half way between Binghamton and Scranton (about 30 miles) so I am going with the HI in Dickson City - its new and pretty nice. And it has hotel rooms at the govt rate.
